The RCPs license status located on the RCB website, www.rcb.ca.gov (search license), will state if your required course is due or not. RCPs are required to take the LPE Course every other renewal cycle (2-year cycle). They can take the course anytime during the renewal cycle that it is due up until they renew (during the two-year period or after if they let their license expire) and receive credit for taking the required course. RCPs may also receive CE credit when an ethics course is taken during a non-required renewal cycle.

§1399.350.5 Law and Professional Ethics Course (a) As part of required continuing education, every person licensed under this chapter shall successfully complete a course in law and professional ethics as provided in section 1399.352.7 of this division, during every other license renewal cycle. (b) Continuing education units earned in accordance with this section shall represent three units toward the non-clinical practice requirements set forth in section 1399.350(a). However, the course may be taken for continuing education credit only once during any renewal period.
