

*Professionalism • Advocacy • Commitment • Excellence*

December 17, 2018

Dear CSRC Members and Colleagues,

Over the past year the CSRC Board of Directors and associated committees have carefully and in great detail evaluated Association Management Companies (AMCs). The BOD also recognized that we have a responsibility to do all that we can to properly position the CSRC for success over the next 50 years of its life as your professional association. With that being said, we were amazed to receive nine separate AMC proposals for providing services to the CSRC. Sorting through the proposals and making a decision was a lengthy and arduous process to say the least. With that work completed, the CSRC Board of Directors is pleased to announce that we have selected Government Representation with Quality (GRQ) for its AMC.

GRQ has a long history and particular expertise in providing services to Respiratory Care related organizations. Organizations such as the National Association of Medical Directors for Respiratory Care (NAMDRRC), the Respiratory Compromise Institute (RCI) and the California Thoracic Society (CTS) to name just a few. GRQ's managing partner, Phil Porte will become the CSRC's new Executive Director. Phil also has a long history and expertise within the Respiratory Care segment in healthcare. Please join us in welcoming Phil Porte and GRQ to the CSRC.

The Board of Directors is committed to facilitating a smooth transition in services to GRQ. We will endeavor to minimize the changes (phone numbers, website, e-mail addresses, Social Media services, etc.) and associated risks as much as possible. It is our hope to make this transition seamless to you, our members and colleagues. During this time, we ask for your patience as we conduct our transition. We also invite you to contact me (or any CSRC BOD Member) directly with any concerns or issue which may arise. Ultimately, we are committed to providing you with the best possible services and representation as your professional association. Thank you for your continued support and membership in the CSRC.

Sincerely,
